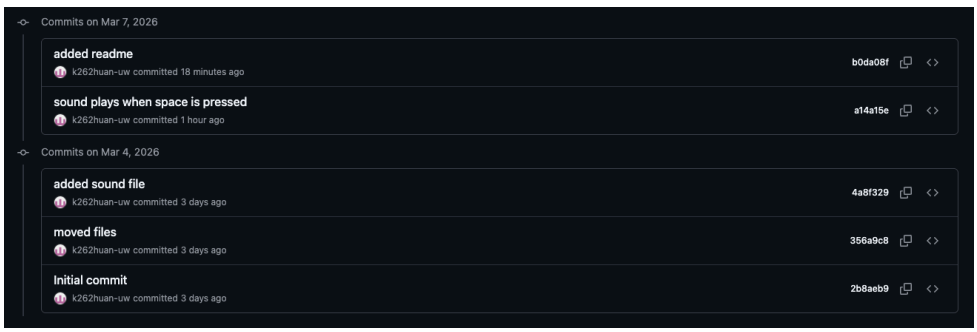
Process & Decision Documentation

Side Quest 6

The change I made was to add a growling audio to reflect the fox's attack. Used loadSound() to add it to the attack input and found royalty-free audio from Pixabay.

Role-Based Process Evidence

In sketch.js, I first uploaded the sound file to the assets folder and created a variable for growlSound. I then added it to the attack input so it would play whenever the user would press “space”. After I input the sound and tried to play it, I noticed the game would freeze due to the missing audio library in the index.html. Once added, the growl sound worked as intended. In total, I made 5 commits.



```html
<body>
  <script src="https://cdn.jsdelivr.net/npm/p5@1.11.4/lib/p5.min.js"></script>
  <script src="https://p5play.org/v3/planck.min.js"></script>
  <script src="https://p5play.org/v3/p5play.min.js"></script>
  <script src="sketch.js"></script>
  <script src="https://cdnjs.cloudflare.com/ajax/libs/p5.js/1.11.4/addons/p5.sound.min.js"></script>
</body>
</html>
```

```gameplay_code
function preload() {
  // --- IMAGES ---
  playerImg = loadImage("assets/foxSpriteSheet.png");
  bgFarImg = loadImage("assets/background_layer_1.png");
  bgMidImg = loadImage("assets/background_layer_2.png");
  bgForeImg = loadImage("assets/background_layer_3.png");
  groundTile1Img = loadImage("assets/groundTile.png");
  groundTile2Img = loadImage("assets/groundTileDeep.png");
  platformTileLImg = loadImage("assets/platformLC.png");
  platformTileRImg = loadImage("assets/platformRC.png");
  wallTileLImg = loadImage("assets/wallL.png");
  wallTileRImg = loadImage("assets/wallR.png");

  // --- SOUND ---
  growlSound = loadSound("assets/growl.mp3");
}
```

```gameplay_code
// -- ATTACK INPUT --
if (grounded && !attacking && kb.presses("space")) {
  attacking = true;
  attackFrameCounter = 0;
  player.vel.x = 0;
  player.ani.frame = 0;
  player.ani = "attack";
  player.ani.play(); // plays once to end
  growlSound.play(); // (dogwolf123, 2026)
}
```

Entry Header

Name: Katrina

Role(s): Audio Designer

Primary responsibility for this work: Add audit to a movement

Goal of Work Session

I accomplished adding an audio to a movement.

GenAI Documentation

No GenAI was used for this task.

Verification & Judgement
